

Osarus Pornichet Breeze Up sale gaining in quality

The second Osarus Breeze Up sale will take place on **Tuesday 30th April 2013** on the all-weather track at Pornichet racecourse on the west coast of France, just 500m from one of the finest beaches in Europe which connects Pornichet to La Baule.

Following a successful debut in 2012, the selection has taken another dimension this year with 86 two-year-olds catalogued, chosen amongst over 200 horses viewed. Once again, the catalogue is 100% « FR » meaning that all horses qualify for French owners premiums.

22 lots catalogued are out of black-type dams or dams that have black-type progeny, against only 3 in 2012. The first catalogue since the alliance Osarus/Tattersalls is greatly superior in quality in comparison to last year and the sale is supported by the best French Breeze Up consignors.

A diverse range of sires will be represented by their 1st crop of two-year-olds, such as **Soldier of Fortune** (6), **Naaqoos** (4), **Le Havre** (2), **Artiste Royal** (1), **Barastraight** (1), **Bushranger** (1) and **Creachadoir** (1). 5 two-year-olds from the last crop of **Green Tune** will also be offered for sale.
