OSARUS : CONFIRMED DYNAMISM!

With an important percentage of horses sold (near 80%) and a turnover of €717,600, Osarus has ended its November sale at Le Lion d'Angers, as well as the year, on a positive note.

The dynamic which began in April with the launching of the Pornichet all weather track Breeze-up, followed by the La Teste September yearling sale, was confirmed during Osarus' last sale of the year.

The customer prospecting which began in the spring has been fruitful, as new international buyers (including Tunisian, Lybian, Italian and Irish customers), were very active.

The success on the track of horses presented at Osarus sales has also contributed greatly to these results, with LES BEAUFs at the top of the list after his win in the Prix Royal Oak (Gr.1).

The activity was supported throughout the two-day sale by international bloodstock agents such as MAB Agency, Agence FIPS, Hautières Bloodstock (Guillaume Gorse), Guy Petit, Paul Nataf (24 lots) as well as trainers Keven Borgel, Nicolas de Balanda, and Guy Cherel.

Local trainers, such as Joël Boisnard, Anthony Clément, Cyriaque & Cédric Diard (father & son), Etienne Leenders, Charles Lécivain, Henri-alex Pantall, Christophe Plisson, Laurent Viel and many more, were also very active during the yearling sale.

On the consignors side, Haras des Loges is at the head of the list for the yearling sale, followed by Haras des Faunes and Haras du Taillis.

The top lot during the yealing sale was knocked down to Dr Jacques Bérès for €24,000 for a half-brother to LES BEAUFs by SATRI. The colt will be trained by Jean-Marie Béguigné.

Trade in 2012 has made distinct progression, with an overall turnover rising from €1,538,500 in 2011 to €2,641,600 in 2012.
