

OSARUS JOINS THE FRBC

The young auction sale company Osarus is now a member of the FRBC board along with France Galop, the sale agency Arqana, the Thoroughbred Breeders Association, the AFC (French Bloodstock Agents Association), the French Chaser Association AQPS, the AFAC (French Arabian Horse Racing Association) and the UNIC.

The FRBC is a non-profit organization that promotes the French Thoroughbred industry abroad. Osarus, which organised one sale in its first year in 2008, will this year hold five sales, from breeze-up to select yearlings, with a horses in training and breeding stock sale in November.

“Osarus mainly offers French-bred horses that benefit from the unrivalled French owners’ premiums, so we are glad that they can join us to reinforce the promotion of French-bred horses overseas,” commented Capucine Houel, FRBC Executive Director.

Emmanuel Viaud, auctioneer and commercial manager at Osarus, added, *“We are very happy to join the FRBC. It is very important that our members can benefit from the FRBC inward buyers’ scheme. People should go to Pornichet for the breeze-up sale on the 29th April and must not hesitate to contact the FRBC to organise a trip to France.”*
